Cost of credit still a concern

In the past two months, have you noticed any change in the cost of existing/new credit?

source: FSB surveys

- Supply of credit has improved for medium and large businesses (BoE)
 - Almost half of small firms seeking new credit reported that the cost has risen
 - Some improvement since 2009, though recent rise is a concern
- WWW.SEEDA.CO.UK

Cost pressures on the increase

Q7A. Which of the following costs have increased for your business over the past 3 months...?

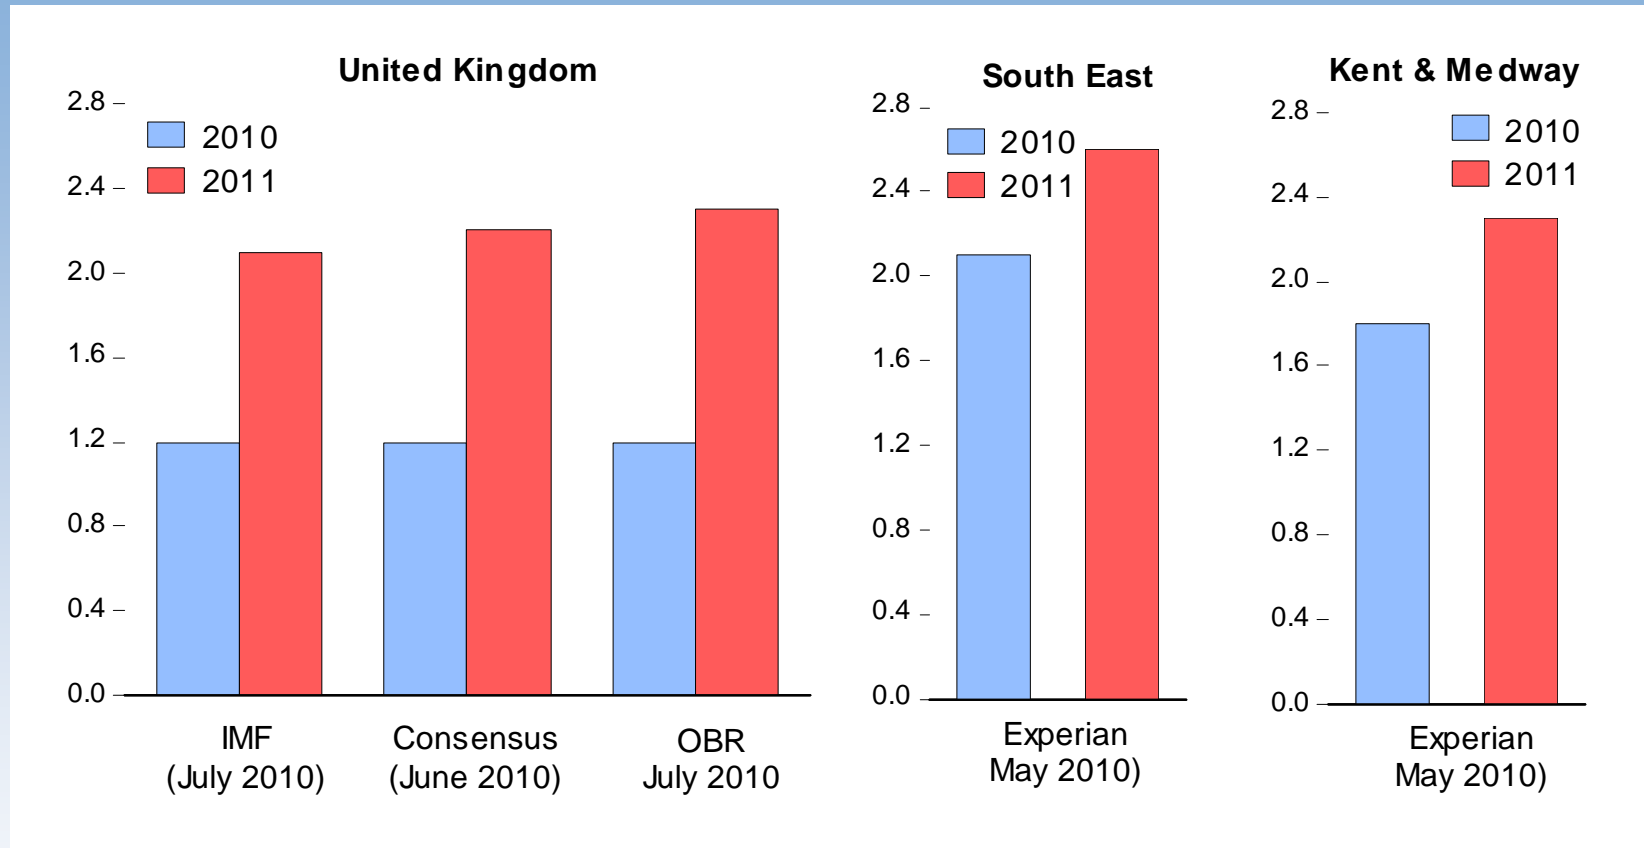

Has UK inflation peaked?

- Inflation above EU, USA and BoE target, ... expected to fall in second half of 2010?
- Factory prices have peaked ('for the time being')
- A threat of deflation or inflation?
- Monetary policy likely to remain loose over short term

WWW.SEEDA.CO.UK

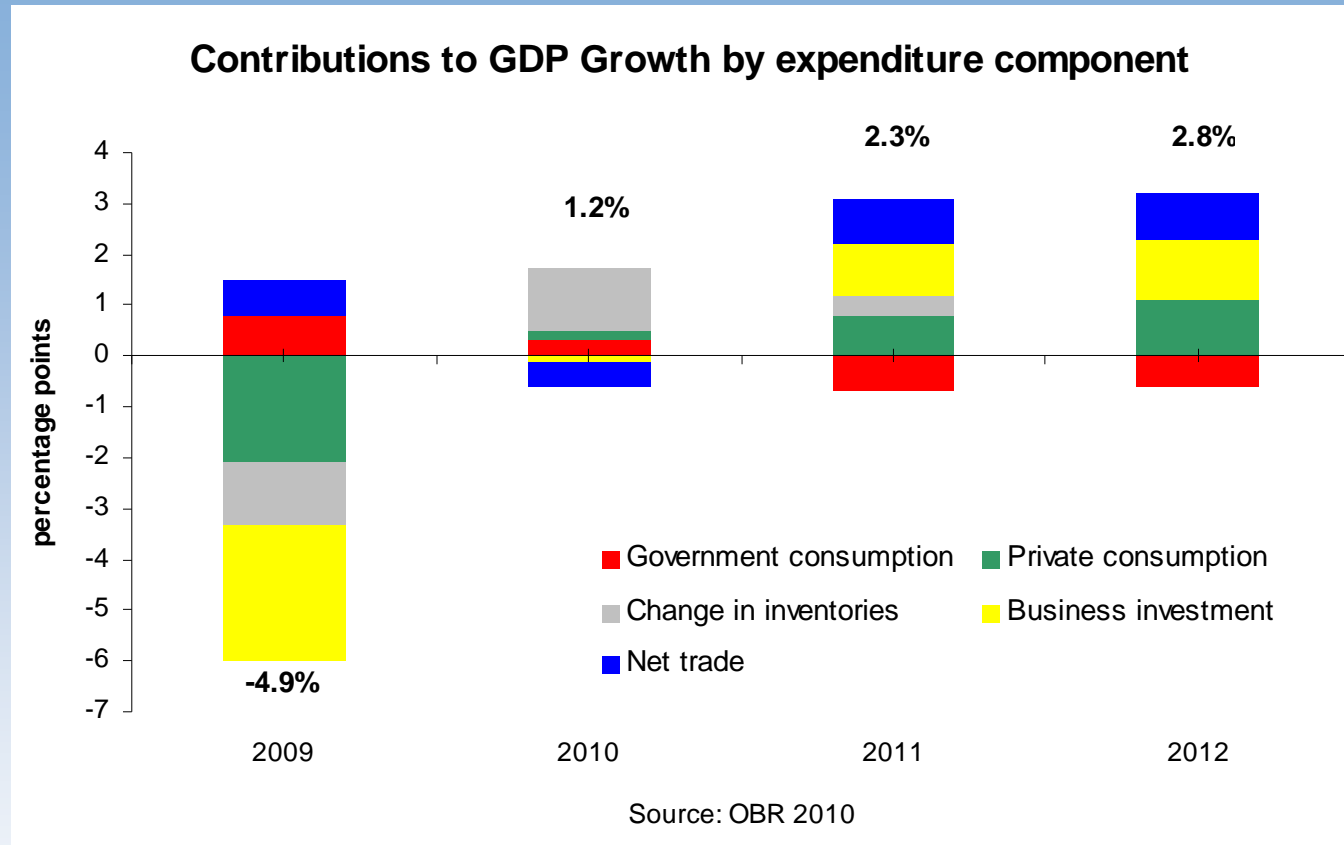

A broad consensus for GDP growth forecasts

- A broad consensus for growth in 2010 and 2011
- South East outperforms other UK regions
- Strong growth in Kent & Medway

WWW.SEEDA.CO.UK

What kind of growth?

- Growth in 2010 (1.2%) estimated to be led by firms re-stocking their inventories
- Business investment/exports lead recovery

Risks to Recovery

- Consumer spending remains weak
- Persistence of high unemployment and inflation
- Uncertainty about demand for UK exports,
- Business investment remaining subdued
- Sovereign debt crisis and the possibility of the Credit Crunch 2?

Thank you
